

TSIA: Transferring Test Scores

If you took the TSIA through Wharton County Junior College at a WCJC Testing Center or local high school and will be attending WCJC, your scores are already entered into your WCJC student record, and no action is required.

If you will be attending WCJC and you took the TSIA at another college or if it was administered by your high school without WCJC involvement, email the following information to kolojacol@wcjc.edu: first name, last name, date of birth, name of high school or college that administered your test. As an alternative, you may deliver a copy of your score report for validation at any WCJC Testing Center. By doing either, you are giving WCJC permission to access your score report.

If you took the TSIA through Wharton County Junior College at a WCJC Testing Center or local high school and will be attending an institution other than WCJC, please see the information in the chart below. All Texas public colleges can access and validate TSIA score reports, regardless of where the student tested.
