Bay City ISD Gifted and Talented Referrals

Bay City ISD Elementary School Counselors will send student Gifted and Talented referral applications to parents/guardians of Bay City ISD Elementary students via School Messenger notification or via hard copy upon return from Thanksgiving Break. The communication will delineate the referral timeline. Students may be referred for the Bay City ISD Gifted and Talented program through the application process by teachers, school counselors, parents, or other interested persons.

The campus Counselors will provide assessment opportunities to complete the screening and identification process for referred students at least once per school year, and the District will obtain written parental consent before any special testing or individual assessment is conducted as part of the screening and identification process.

All student information collected during the screening and identification process shall be an educational record, subject to the protections set out in policies at FL.

If you have specific questions concerning the Gifted and Talented referral timeline or process prior to the scheduled November communication, please feel free to contact your campus Counselor.
